<u>The Author</u>	20
<u>References and Resources</u>	21

This booklet is an excerpt of Mogens Eliassen's e-book "[Raw Food For Dogs – the Ultimate Reference for Dog Owners](#)". The information in it has value for all dog owners that are concerned not only for their dogs, but also for their family...

Mogens discusses the problems we are facing with our drinking water supply and also the possible practical solutions, including choosing filtering technologies, in layman's terms.
